

## Take back control of your fuel costs with FleetSharp's Fuel Consumption Alerts and Reports.

Fuel costs are a significant part of any fleet's operational expenses. While we can't control fluctuating gas prices, FleetSharp can empower you to take charge of reducing driver behaviors that directly impact fuel consumption.

Understanding why your vehicles aren't meeting their expected miles per gallon (MPG) is important when creating processes that maximize fuel efficiency. With FleetSharp's Fuel Consumption Report you can effortlessly compare average MPG versus expected MPG for each vehicle in your fleet. But...it doesn't stop there.

- Coaching:** Dive deeper into the data to pinpoint exactly what is contributing to poor performance. Whether your drivers are idling more than expected, speeding, having multiple instances of harsh braking, or even rapid acceleration, FleetSharp provides the insights you need to coach your drivers effectively to reduce fuel waste.
- Ideal Fuel Fill-Ups:** Stay ahead with real-time alerts for "low fuel" and "fuel fill-up," keeping you in the loop on your vehicles' refueling activity and fuel levels. Additionally, alerts like "over capacity," "incorrect location," and "unassigned fuel card" enable you to monitor and regulate fueling behaviors effectively. This comprehensive insight empowers you to direct drivers towards filling up their tanks correctly at recommended locations and times, while utilizing the appropriate payment methods to secure the best prices. Take advantage of locations with special perks or discounts to maximize savings and efficiency.
- Peak Performance:** Pair fuel consumption data with FleetSharp's Diagnostic Trouble Code (DTC) alerts and fuel cards for a complete overview and detailed assessment. Ensure your vehicles stay in tip-top shape, maximizing fuel efficiency every mile of the way.

**Empower your fleet** with FleetSharp's Fuel Consumption feature and take control of your fuel costs like never before. Drive efficiency, reduce expenses, and keep your vehicles running at their best!
