

ELD / Hours of Service Compliance

Tracking hours of service is an important part of your drivers' day-to-day, but it's not enough to keep you in compliance when it matters most. You need an ELD solution that gives you comprehensive data at your fingertips — one that's simple to show inspectors to provide proof of compliance. Contact us today to find out how Linxup can meet your compliance needs! We have solutions for ELD, GPS tracking, and even IFTA.

One bill. One low monthly cost. Get started today with an ELD solution from a brand you can trust.

Benefits of our ELD Solution

- 🔗 Implement easily with our turn-key solution
- Eliminate handwritten logs and save paperwork
- Receive warnings of critical violations
- Provide quick access to reports for roadside inspections
- Automatically change driver duty status
- Achieve 100% compliance now!
- BYOD tablet option
